Other Considerations

Audio/Visual Equipment

If you are using your equipment with our projector, please ensure compatibility of equipment by testing with us before the event. For example, a karaoke system is not compatible with our PA system, as the microphone cuts out over music.

Outdoor Ceremonies

While we strive to make your dream outdoor wedding a reality, Mother Nature can have an impact on your plans. In the event of inclement weather, we will do our best to replicate your vision of an outdoor ceremony in an indoor venue. The decision to relocate the ceremony must be made no later than 3 hours prior to the ceremony start time to allow for proper preparation.

Quiet Hours

As per BC Parks rules, quiet hours are between the hours of 11 pm and 7 am the following day. Between these hours, a person must not operate or permit another person to operate any device that produces sound at a level which disturbs the peace and quiet.

BC Park Rules

Manning Park Resort operates within a BC Provincial Park and must adhere to BC Provincial Park policies.

- For your own safety and the preservation of the park, obey posted signs and keep to designated trails.
- The plants in this park are susceptible to winds, rain, extended periods of dry weather, heavy snowfall and a very short growing season. For this reason, we ask that you and your pets stay on the trails. In addition, please do not trample or pick the flora/wild plants.
- Please respect the wildlife. It is illegal to feed wildlife in a provincial park.
- It is against Park rules to have open liquor in a public place; this includes all areas of the Park and Resort with the exception of your licensed event, and your accommodations.
- Please, do not litter. This also includes confetti.
- No drones are allowed in the provincial park without BC Parks permit.
